

COURSE PATHWAYS AND SUITABLE MODULE CHOICES

Unit Title	Business Pathway	Science & Engineering Pathway	Sports Pathway	Computing, Communication & Media Pathway
SEMESTER ONE				
Academic English: Note-taking and Referencing Conventions	Essential for this pathway	Essential for this pathway	Essential for this pathway	Essential for this pathway
Maths for Business: Statistics and Probability	Essential for this pathway	Not suitable for this pathway	Optional on this pathway	Optional on this pathway
Business Finance: Using Financial Data to Inform Business Finance Decisions	Essential for this pathway	Not suitable for this pathway	Optional on this pathway	Optional on this pathway
Web Design and Development: HTML, CSS and PHP/JavaScript	Not suitable for this pathway	Optional on this pathway	Optional on this pathway	Essential for this pathway
Maths for Engineering & Science: Algebra, Number, Calculus and Trigonometry	Not suitable for this pathway	Essential for this pathway	Not suitable for this pathway	Optional on this pathway
Physics: Mechanics and Electric Circuits	Not suitable for this pathway	Essential for this pathway	Optional on this pathway	Optional on this pathway
Microeconomics: Study of Markets and Market Failure	Essential for this pathway	Not suitable for this pathway	Optional on this pathway	Optional on this pathway
Biology: Human Systems Anatomy and Physiology	Not suitable for this pathway	Optional on this pathway	Essential for this pathway	Not suitable for this pathway
SEMESTER TWO				
Academic English: Research and Presentation Skills	Essential for this pathway	Essential for this pathway	Essential for this pathway	Essential for this pathway
Maths for Business: Probability Models and Financial Maths	Essential for this pathway	Not suitable for this pathway	Optional on this pathway	Optional on this pathway
Principles of Marketing	Essential for this pathway	Not suitable for this pathway	Optional on this pathway	Optional on this pathway
Procedural Programming	Not suitable for this pathway	Optional on this pathway	Optional on this pathway	Essential for this pathway
Maths for Engineering & Science: Functions, Calculus, Complex Numbers, Matrices and Vectors	Not suitable for this pathway	Essential for this pathway	Not suitable for this pathway	Optional on this pathway
Physics: Fields, Waves and Fundamental Aspects of Matter	Not suitable for this pathway	Essential for this pathway	Optional on this pathway	Optional on this pathway
Macroeconomics: Study of the National Economy and Government Policy	Essential for this pathway	Not suitable for this pathway	Optional on this pathway	Optional on this pathway
Biology: Cell Biology, Biochemistry and Genetics	Not suitable for this pathway	Optional on this pathway	Essential for this pathway	Not suitable for this pathway

Essential for this pathway	Optional on this pathway	Not suitable for this pathway
