

Loughborough College has recently been described by external organisations as positive and ambitious.

Additionally, the college has set six ideals which fundamentally form the foundations of all our working practices: **Accountable, Agile, Entrepreneurial, Engaging, Inspiring and Integrity.** These qualities and ideals reflect 0..the college and also the Higher Education (HE) Sport department.

Loughborough College has a designated Higher Education team with extensive lecturing and industry experience. This team delivers exciting teaching and learning experiences to all students.

Why we are different to other HE providers...

ACCOUNTABLE

When we originally designed our syllabus we sought out top industry professionals and gained their insight into the key employable skills needed to have a successful career in sport. We have maintained these relationships and continue to ensure that the programme creates graduates that meet the needs of an ever changing industry. Our programmes ensure our students have control and are accountable for their own destiny.

AGILE

We understand that sport is a dynamic industry and can put extra demands on students. As a result we support our students with flexible timetables and distance learning to fit around their training programmes.

ENTREPRENEURIAL

Our students often gain the skills and knowledge of the industry which allows them to embrace spontaneous opportunities. Over the last two years the HE Sport department has been well represented in at the Young Enterprise Young Start UP Awards gaining both regional and national success and recognition.

ENGAGING

Our promise at Loughborough College is to develop the whole student. This starts in the classroom with small class sizes and contact time with lecturers. This academic team also provide pastoral care and academic guidance, allowing every student the opportunity to progress and achieve.

INSPIRING

The Loughborough College sporting history and heritage speaks for itself with some outstanding successes at the recent Olympics and Paralympics. It is this continued environment of sporting success that inspires us to always strive to be better.

INTEGRITY

All of our academic programmes are validated by Loughborough University and Nottingham Trent University, our continued partnerships with these two institutions demonstrate the high levels of the quality assurance and rigour we apply everyday to all of our practices.
